Plaid Cymru Gwynedd Maldwyn MSs

Siân Gwenllïan, Mabon ap Gwynfor, Beca Brown, Elwyn Vaughan

Welcome to Plaid Cymru's Annual Conference. As we're only a stone's throw from **Gwynedd Maldwyn**, we wanted to share a quick update since the election. It's been a whirlwind few months. Our local team worked hard, making us **the only party anywhere in Wales to win four seats in one constituency**. We're also proud that two of our MSs are now Cabinet Ministers.

Despite our national responsibilities, we remain focused on local issues, and the map below shows the breadth of our constituency visits since May

We've also faced challenges, with the **Rhinogydd** among the areas worst hit by this summer's wildfires. We were pleased to have the opportunity to thank the firefighters; Mabon visited **Dolgellau Fire Station**, Beca went to **Harlech Fire Station**, and Siân met the team on **the Rhinogydd**. Beca is also supporting the campaign against the proposed **Menai Data Centre**.

Plaid Cymru

Siân Gwenllian

- I held my first surgery since the election in **Pwllheli**.
- I announced a number of exciting policies as part of my portfolio, including **investment in social housing**, the launch of the **Welsh Town Centres Taskforce** (in Bangor), and **£17m to upgrade homes across Wales** to make them more energy-efficient.
- It was a personal privilege for me to pay tribute to my late constituent, **Robin Evans**, on the floor of the Senedd – a musician, producer, and a Welshman through and through.

Mabon ap Gwynfor

- I joined the **Bala Parkrun team** to launch the '**5K Your Way**' initiative to support people living with cancer and their families.
- I've announced an intention to develop a **ten-year Cancer Strategy** to improve diagnosis, treatment, and care for patients and their families.
- I've also announced reforms to the Welsh NHS to accelerate diagnosis and treatment, reduce waiting lists and increase surgical capacity.

Beca Brown

- I lead a debate in the Senedd on **trauma and adverse childhood experiences (ACEs)**.
- I joined local environmental schemes such as the **Big Snowdon Clean-up** and the **Porthdinllaen Seagrass Project**.
- I attended **North Wales Pride** and visited the **Gisda LGBTQ+ Youth Club** in Caernarfon to show solidarity with the community.
- I spent the day in **Barmouth** visiting businesses to discuss their needs.

Elwyn Vaughan

- I was elected Chair of the Senedd's **Economy, Energy and Connectivity Committee**.
- I've raised a number of important local issues in the Senedd – including **healthcare in Powys**, the legacy of **environmental pollution in the Wrexham and Chirk area**, and the need to strengthen Welsh-medium education.
- I welcome positive steps taken by the new Government in the areas of public transport, agriculture, and communities.
- I've set up a constituency office in **Newtown** in order to be accessible to constituents.
